

COWIN DATA

Covid-19: Average daily vaccination drops

PRESS TRUST OF INDIA New Delhi, July 12

THERE HAS BEEN A decline in average daily inoculation against the coronavirus since June 21, when the new phase of universalisation of Covid-19 vaccination started, government data showed. According to data available on the COWIN platform, an average of 61.14 lakh doses were administered daily in the week from June 21-27, which dropped to 41.92 lakh doses daily in the subsequent week of June 28-July 4. In the week from July 5 to July 11, the number dipped to 34.32 lakh.

Among states, however, a mixed trend has emerged. States such as Haryana, Andhra Pradesh, Odisha, Gujarat and Chhattisgarh showed a decline in average daily vaccinations since the week from June 21-27, while a mixed trend was seen in states and UTs like Kerala, Andaman and Nicobar Islands, Karnataka, Nagar Haveli, and Jammu and Kashmir, according to COWIN.

In Assam and Tripura, which recently reported a rise in fresh Covid-19 cases, a declining trend was seen in administration of average daily doses. Even then, the daily average vaccination remained higher than the previous phase of vaccination. In the week from June

PM to discuss virus situation with CMs of N-E states today

PRIME MINISTER NARENDRA MODI will discuss the Covid-19 situation with the chief ministers of Assam, Nagaland, Tripura, Sikkim, Manipur, Meghalaya, Arunachal Pradesh and Mizoram on Tuesday, amid concerns over the coronavirus numbers in the

region via video conferencing. While most parts of the country have seen a steady decline in Covid numbers, the northeast has been a cause of concern with the number of cases either rising or not falling in line with the nationwide trend, experts have said. — PTI

14-20, just 33.97 lakh doses on Monday that were administered daily on an average. On Monday, the health ministry said that over 1.54 crore balance and unutilised vaccine doses are still available with the states, UTs and private hospitals to be administered.

The cumulative number of doses administered so far has reached 37.73 crore under the nationwide vaccination drive. Some states like Rajasthan, West Bengal and even Maharashtra, which recorded the highest number of cases on Monday, raised the need for more vaccine doses. Maharashtra health minister Rajesh Tope said the state needs a minimum of three crore vaccine doses per month to inoculate the entire eligible population.

Inoculation sessions were not conducted in at least 25 of

Delhi doesn't want power from Dadri-I plant, says regulator

ANUPAM CHATTERJEE New Delhi, July 12

THE DELHI ELECTRICITY Regulatory Commission (DERC), the power regulator of the state, has written to the Union power ministry requesting "to permanently reallocate on urgent basis" Delhi's share of electricity from NTPC's Dadri-I generating station.

The effective cost of power from the Dadri-I plant comes to ₹6.50/unit, making it one of the costliest power stations providing electricity to the National Capital Region.

Delhi consumes 756 mega-watt power from the Dadri-I plant, comprising 90% of the unit's total capacity. Since the Dadri-I station completed 25 years of operation in November 2020, as per the Central Electricity Regulatory Commission's (CERC) 2019 tariff regulations, electricity distribution companies (discoms) have the "first right of refusal" for procuring electricity from old power plants.

The CERC recently allowed Reliance Infrastructure-led BSES to approach the Union

Power ministry to relinquish electricity supply contract from the Dadri-I power plant, as the right to allocate or de-allocate electricity from CPSE units lies with the central government.

BSES, in November 2020, had sought to stop taking power from the Dadri-I generating station from December 1, 2020. BSES claimed that it had to pay fixed charges of about ₹35 crore per month to the Dadri-I plant even if it didn't source electricity from the unit. According to the letter dated July 7, reviewed by EE, the DERC has requested the ministry to reallocate its share of power from the plant "to other ready states with effect from December 1, 2020 to avoid the burden of fixed cost without a power scheduled to end consumers of Delhi".

PMAY housing trailing targets: Iera

FE BUREAU New Delhi, July 12

WITH ONLY ONE-and-a-half years to go, the government will have to increase the pace of construction under the Pradhan Mantri Awasari Yojana (PMAY) to achieve its target of housing for all by 2022, as implementation remains far behind schedule, rating agency Iera said on Monday.

The government had set a scaled-down, near-term target of constructing 2.14 million houses under PMAY-Rural (PMAY R) and 11.2 million

under PMAY-Urban (PMAY-U) by 2022. But against the revised targets, the government sanctioned 19.55 million houses and 14.16 million have been completed under PMAY-R until April 2021, while PMAY-U has achieved 67% of the revised target and 72% of the sanctioned houses. Further, 9% of the houses have not been sanctioned so far, Iera assistant vice president and sector head Kapil Bangsali said.

While under the PMAY-U, against a revised target of 11.2 million units, almost the entire 11.2 million units have been sanctioned and 4.8 million houses have been completed, a completion of only 43% of the near-term target as well as the sanctioned units. "Thus, a significant pick-up in the implementation pace for both PMAY-U and PMAY-R will be required to achieve the Housing for All target by 2022", Bangsali said.

The government had initially set a target of 50 million houses by 2022, of which 30 million units would be for rural areas and 20 million urban.

Iera said performance is also likely to be impacted in FY22 due to Covid-19.

IN THE COURT OF THE EXCLUSIVE MOTOR ACCIDENT CLAIMS TRIBUNAL, TRIPUR, TAMILNADU. MCOR No. 94/2019

JOTHY, S/o Chendrasud D No.298, Kollakkottai, Melasur, Mottakal, Tivanamanna - 606708. Petitioner. V/s. LVELAYUTHAM, S/o Vivekanandan, Ward 25, Rasullya, Hoshangabad, Madhya Pradesh. Respondent.
