

HEARING IN HC ON MAY 17

# Central Vista: SC refuses plea to suspend work

Apex court requests Delhi High Court to consider hearing the issue urgently

FE BUREAU New Delhi, May 7

Construction work underway as part of the Central Vista project at Rajpath in New Delhi on Friday

The Centre objected to the request for suspension of construction on a 3.5-km stretch from Rashtrapati Bhavan to India Gate. Senior advocate Sidharth Luthra, appearing for the petitioners, said they were not challenging the project at all, but that Covid-19 will peak in May and there has been a 30% increase in cases from April. The public health emergency had prompted them to seek a suspension of the work as the construction will be a super-spreader, the petition said.

The Supreme Court in January cleared the proposed project. The revamp, which was announced in September last year, envisages a new triangular Parliament building with seating capacity for 900 to 1,200 MPs. It is targeted to be completed by August 2022, when the country will celebrate its 75th Independence Day. The government plans to conserve the existing Parliament building as an archaeological asset. The construction is expected to be completed by 2022 at an estimated cost of around ₹1,000 crore.

# TRIPS waiver talks: WTO chief seeks revised plan soon

PRESS TRUST OF INDIA New Delhi, May 7

WORLD TRADE ORGANISATION (WTO) chief Ngozi Okonjo-Iweala has urged proponents of the temporary waiver of certain provisions of the TRIPS agreement for prevention and treatment of Covid-19 to submit the revised proposal "as soon as possible" so that text-based negotiations can begin.

The director general of the WTO said she "warmly" welcomes US Trade Representative Katherine Tai's willingness to engage with proponents of the waiver. In October 2020, India and South Africa submitted a proposal suggesting a waiver for all WTO members on the implementation of certain provisions of the agreement in relation to the prevention, containment or treatment of Covid-19. The proposed relaxations are aimed at ensuring quick and affordable access to vaccines and medicines for developing countries.

The agreement on Trade-Related Aspects of Intellectual Property Rights or TRIPS came into effect in January 1995. It is

India and South Africa have proposed a waiver for all WTO members on the implementation of certain provisions of the TRIPS agreement, for Covid-19 treatment

a multilateral agreement on intellectual property rights such as copyright, industrial designs, patents and protection of undisclosed information or trade secrets.

"I am pleased that the proponents are preparing a revision to their proposal and I urge them to put this on the table as soon as possible so that text-based negotiations can commence," Okonjo-Iweala has said in a statement. It is only by sitting down together that member countries will find a pragmatic way forward which would be acceptable to all members and enhance developing countries' access to vaccines, while protecting and sustaining the research and innovation so vital to the production of these life-saving vaccines, she said.

# Fastag toll collections take a hit due to Covid curbs on mobility

FE BUREAU New Delhi, May 7

MOBILITY RESTRICTIONS TO rein in the spread of Covid-19 have caused a 10% dip in April in month-on-month toll collection through Fastag on national highways in, Yes Securities has said.

Toll collection through the electronic Fastag mode was made mandatory from February 15. Around 95% of the total toll collection of the National Highways Authority of India (NHAI) is through Fastag, which has more than three crore users.

According to the brokerage firm, toll collection through Fastag in April fell to ₹2,780

crore as a result of a decline of around 15% month-on-month in transactions, which stood at 164 crore during the month.

"With lockdowns/partial lockdowns in several parts of the country, mobility has taken a hit which has impacted toll collections," Alok Deora, vice president, Yes Securities, said.

However, he said user fee collections are expected to move back to the growth track

from July as the Covid-19 impact settles and mobility improves.

Toll collection on national highways stood at ₹26,851 crore in 2019-20 as against ₹24,396 crore a year earlier.

They took a severe hit in April last year because of the nationwide lockdown. Deora said since the restrictions this year have not been as severe as last April, toll collections have only marginally come down compared to the March collections.

"Over the past few months, toll collections have seen a sharp rise with improvement in economic activities and government's push towards electronic toll collections," he said.

# Centre forks out extra ₹2,000 crore for jute bags; mills fear missing target

INDRONIL ROYCHOWDHURY Kolkata, May 7

The second wave of Covid-19 has aggravated the situation, with the Centre ordering mills to run with 50% of the workforce

THE CENTRE HAS spent an additional ₹2,000 crore to procure jute bags during the recently concluded season. This has, however, not prevented the closure of nine jute mills (involving more than 50,000 workers) of the total 72 in West Bengal.

The Centre annually purchase 10-12 lakh tonne of jute bags valued at ₹5,500 crore to pack food grain and sugar. But this year, prices have crossed ₹8,500 a quintal as of date, and raw jute scarcity has led owners to shut their mills.

The second wave of Covid-19 has aggravated the situation, with the Centre ordering mills to run with 50% of the workforce.

The Indian Jute Mills Association (IJMA) committed to supplying jute bags equivalent of 7.3 lakh bales to the government between April and June. But millers fear they will be unable to do so because of the lower workforce. This may also lead to closure of more jute mills since without economies of scale, they may not remain viable for operation, an IJMA member said, on the condition of anonymity.

Deputy jute commissioner Koushik Chakrabarty said the textile ministry and the department of food and public distribution will shortly meet to find a way out to make up for the shortage. The IJMA will also be consulted. The JPM Act of 1987 has a

provision of diluting up to 30% of the total jute bag requirement with HDPE bags in case of a shortfall. To increase the percentage of dilution, the textile ministry requires approval from the cabinet committee on economic affairs. "But it is a lengthy process. We would ask the food and the public distribution department to do their storage with old sacks," Chakrabarty said. According to millers under IJMA, the rise in raw jute price could have been checked had the jute commissioner intervened in August last year. But the commissioner's de-boarding drive came late and reduced holding raw jute stock in the mills from the equivalent of two months to one month. This forcibly inflicted losses on jute mills as fibre prices are continuously on the rise, an IJMA statement said.

Almost 60,000 hectares of jute crop was destroyed, forcing jute mills to stop production for three months. The commissioner issued notices to jute mills to fulfil their bag supply commitments with the government, but 30 jute mills ultimately defaulted.

Chakrabarty said the commissioner has already issued show cause notices to those who have wilfully defaulted.
